Although it is clear that lack of availability of food will not kill you instantly, it will deprive you of the energy you require to get yourself out of any survival situation. Desperation makes people lean towards some insane choices and our help here is to provide you with sane options of your food sources in different kinds of survival terrains. Be it wilderness, desert, or snow, food is one of the key assets to survival. This book aims at guiding you to the best food sources these areas can provide you with. Plants can be your savior as you do not have to catch them, but there is a catch here as well, since you have to identify the plants that are safe for you. Don't worry, we will try to cover this part extensively. Not all of us are trained hunters. This book gives you some tips on how to set proper traps to catch some protein in the wild. Remember, this is not for fun, it is for survival and only the fittest can...
