MAN IN BIOSPHERE: A CASE STUDY OF SUNDARBAN BIOSPHERE RESERVE

2007. Hardcover. Book Condition: New. 278 Concern for environment is as old as human civilization. The traditional society took sanctity of environment for granted as a necessary precondition for the existence of human society. But this situation started changing after the industrial revolution when human society with the help of technologically a advanced knowledge system started making significant changes in the whole environment and this gave the society an understanding that man will be able to modify the environment according...
