# OS X Security Privacy, El Capitan Edition

By Diane Yee

Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Apple designed OS X with advanced technologies that work together to constantly keep your Mac safe. Some of these features are turned on by default, whereas others are turned off or aren t dialed up to full strength. Some features are front-and-center in System Preferences or the Applications folder, whereas others are buried deep in the user interface. This book covers the whole range of OS X s security and privacy tools and explains the best practices for defending your Mac and data. Create user accounts to protect against the biggest security threat: other people in your home or office. Enable parental controls to prevent harm from young, naive, overwhelmed, or not-entirely-trustworthy users. Set up the login process to tighten security at the login window. Secure your Mac completely by turning on the firmware password. Recover forgotten passwords. Share files and folders securely across accounts and networked computers. Use fast user switching to leave your programs running and documents open securely and invisibly in the background while someone else logs in. Protect your Mac from viruses, spyware, and...
